If a cash security deposit is made by the contractor he shall follow the procedure laid down in the preceding paragraph for payment of amount due and such deposit will not, in any case, be taken into account until the required amount is to make the security deposit as stated in this paragraph shall fulfil the purpose of the present clause.

6. The tenderer shall examine closely the Marine Detailed Standard Specifications and also the Standard Preliminary Specifications contained therein, and sign the Executive Officer copy of the Marine Detailed Standard Specifications and to adhere to them in terms of such study before submitting his tender and note which shall be furnished with it. He shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the successful tenderer. The Marine Detailed Standard Specifications and other documents mentioned with the contract such as specifications, plans, descriptive specifications, sheet regarding materials, etc., shall be at any time between 11 a.m. and 5 p.m. on other days in the office of the Executive Engineer, South Presidency Division, a copy of the set of standard specifications, i.e., a copy of each of the set of a detailed specification can be had on payment of Rs. 2 per set.

8. The tenderer's attention is directed to the requirements for materials under the clause "Materials and workmanship" in the "Preliminary Specifications." Materials shall be used on the work, and the tenderer shall quote his rates accordingly.

9. Every tenderer is requested, before quoting his rates, to inspect the site of the proposed work. He should also inspect the quays, and not only himself but the quality and availability of materials. The names of quays, bays, etc., wherever materials are to be obtained will be given in the Descriptive Specifications. Sheet. The best class of materials to be obtained from the quays or other sources defined shall be used on the work. In every instance the tenderer shall comply with the relevant standard specifications. Samples of materials to be obtained will be given in the Descriptive Specifications, or as required by the Executive Engineer in any case, shall be submitted for the Executive Engineer's approval before the supply of the work is begun. In the meantime, after submission of the names of materials defined in the Descriptive Specifications Sheet, it is explained that materials complying with the standard or other specifications of the contract cannot be obtained in quantity or quality and quantity from the source defined in the Descriptive Specifications Sheet, he shall so state clearly in his tender and state wherefrom he intends to obtain materials, subject to the approval of the Executive Engineer.

The Government will not, however, after acceptance of a contract rate pay any extra charges for land or for any other material, in case the Contractor is found later on to have obtained the materials available. All claims of the contractor is directed to the Standard "Preliminary Specifications" regarding payment of materials, etc., etc.

10. The tenderer's particular attention is drawn to the sections and clauses in the standard "Preliminary Specifications" dealing with—

- (1) Test, inspection and inspection of defective materials and work;
- (2) Insurance;
- (3) Materials plant;
- (4) Water and lighting;
- (5) Keeping up during progress and for delivery.

- (6) accidents;
- (7) delays; and
- (8) penalties of payment.

The tenderer should clearly present all the specifications clauses which govern the matter which he is tendering.

11. A schedule of quantities accompanies each tender notice. It shall be distinctly understood that the Government does not accept any responsibility for the correctness or completeness of the schedule, and that the schedule is to be taken as a guide only, and that the tenderer is to be responsible for the correctness of the schedule. The tenderer shall, however, bear his responsibility for the correctness of the schedule. He should quote specific rates for each item in the schedule, and the rates should be in rupees and paise, and in some of three pite. The rates should be written both in words and figures and the units in words. The tenderer should also show the totals of each item and the grand total of the whole contract, and quote in the tender a lump sum for which he will undertake to do the whole work subject to the conditions of contract. The schedule accompanying the lump-sum tender shall be written legibly and free from erasures, overwriting or corrections of figures. Corrections, where necessary, should be made by crossing out, and then writing, dating and numbering.

12. Tenderer offering a preliminary schedule from or otherwise in the same manner, and those who submitted in proper form or in due time will be accepted. Rates or lump-sum amounts for items not included shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications, or quantities accompanying same will be accepted; and, if any such alterations are made, the tender will be void.

13. The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

14. The price at which and the source from which various particular materials shall be obtained by the tenderer are given at the end of the schedule accompanying the tender form. The tenderer should state the material at these prices, and shall quote their price for finished work accordingly. No alteration in the schedule of prices is to be made, and the tenderer shall be bound by Government in connection with this schedule.

15. The attention of the tenderer is directed to the contract requirements as to the kind of language used, the unit of payment, and the dates for the completion of the whole work and its several parts. The following rate of progress and percentage value of work done from time to time, as will be indicated by the Executive Engineer's certificate of the value of work done, will be required. Date of commencement of the programme will be the date on which the site for proposed is handed over to the contractor.

Period after date of commencement	Percentage of work completed (based on estimated total cost)
Four months	100 per cent

16. No part of the contract shall be called without written permission of the Executive Engineer and shall transfer be made by power of attorney and no other means to receive payment on the contractor's behalf.

17. If further necessary information is required, the Executive Engineer of the Division will furnish such, but it must be clearly understood that tenderer shall be bound in order, and according to instructions.

18. The Executive Engineer or other authority authorized reserves the right to make any tender or call the tenderer to work on any reason whatsoever.
